

ASTPAR5.2.2

Mark out parking areas and restrictions in line with requirements

Overview

This standard is about marking out parking areas and parking restrictions in line with requirements. It involves assessing the area, determining the correct tools and equipment to use, marking out the parking areas and restrictions clearly, and reviewing the work upon completion.

There is one element:

- 1 Mark out parking areas and restrictions in line with requirements

Target group

This standard is recommended those whose responsibilities include marking out parking areas and restrictions in line with requirements.

This standard has been developed by the British Parking Association.

ASTPAR5.2.2

Mark out parking areas and restrictions in line with requirements

Performance criteria

- You must be able to:*
- P1 obtain and review the information necessary to mark out parking areas and restrictions
 - P2 ensure that all necessary information has been provided, in line with relevant regulations and your organisation's procedures
 - P3 identify where additional information is required, and consult with other relevant parties where appropriate
 - P4 assess the location for the parking areas and/or restrictions to determine whether the instructions can be fulfilled, notifying relevant others of any difficulties, in line with your organisation's guidelines
 - P5 identify the tools and equipment necessary to undertake the work effectively, and ensure that these are in good working order before starting the work
 - P6 carry out the activity necessary to mark out the parking areas and/or restrictions, in line with the information received
 - P7 ensure that you are positioned safely, wearing relevant personal protective equipment, and are clearly visible to others, when undertaking the activity
 - P8 review the work upon completion, checking the outcome against the instructions received
 - P9 ensure that all relevant people are informed promptly of the marking out of parking areas and restrictions, in line with your organisation's procedures
 - P10 be alert to the presence of hazards, and take the action necessary to maintain the safety of yourself and others where such hazards occur
 - P11 ensure that all relevant people are informed promptly of any difficulties or faults in the equipment, in line with your organisation's procedures
 - P12 maintain accurate and up to date records in line with your organisation's requirements

ASTPAR5.2.2

Mark out parking areas and restrictions in line with requirements
