

## CCSJ3.22

Keep up to date with the jewellery industry, allied trades and related technologies

---

### Overview

This unit covers the skills and knowledge required to keep up-to-date with the jewellery industry, allied trades and related technology as relevant to your own work. You will be required to maintain an awareness of trends and developments that may affect the demand for, or impact on particular products and embrace the change and challenge brought about by such trends and developments.
