
Overview

Once a strategic business plan has been developed and agreed, it needs to be put into action. This means: 'selling' the plan to the managers and other staff involved in putting it into practice; having agreed standards for measuring success; carefully monitoring the implementation of the plan and making adjustments along the way – a process that may need a lot of flexibility and openness to change.

For the purposes of this unit, an 'organisation' can mean a self-contained entity such as a private sector company, a charity or a local authority, or a significant operating unit, with a relative degree of autonomy, within a larger organisation.

The unit is recommended for senior managers.

This unit is linked to units:

- B2 Map the environment in which your organisation operates
- B3 Develop a strategic business plan for your organisation
- B7 Provide leadership for your organisation
- D4 Plan the workforce
- E3 Obtain additional finance for the organisation
- E4 Promote the use of technology within your organisation

in the overall suite of National Occupational Standards for Management and Leadership.

If your organisation is a small firm, you should look at unit *D1 Carry out your business plan*, which has been developed by the Small Firms Enterprise and Development Initiative (SFEDI) specifically for small firms and which may be more suitable to your needs.

You can obtain information on the unit from SFEDI on tel. 0114 241 2155 or at the SFEDI website (www.sfedi.co.uk).
