
Overview

Change, in its various forms, is happening more often within organisations. The driving force for change may be external or internal to the organisation or a mixture of both. It may be a reaction to events or an attempt to improve the organisation for the future including its growth as a business.

This unit reflects the need, in many situations, for someone to take control and provide a lead within the overall organisation or part of an organisation for a specific change or a wider programme of change. It involves selling the vision in terms of what the change is aiming to achieve and supporting the people involved in the practicalities of making the vision a reality.

The unit is recommended for middle managers and senior managers.

This unit is closely linked to units:

- B6 Provide leadership in your area of responsibility.
- B7 Provide leadership for your organisation.
- B9 Develop the culture of your organisation.
- C5 Plan change.
- C6 Implement change

in the overall suite of National Occupational Standards for Management and Leadership.
