Obtain additional finance for the organisation

Overview

This unit is about identifying the need for and obtaining additional finance to fund the organisation's proposed activities. The organisation may already be generating some surplus income through the ongoing supply of its products and/or services. This may be insufficient, however, to fund activities such as investment in new equipment or proposed changes to products and/or services and it is in instances such as these where additional finance might be required.

A key aspect of this unit is identifying types of finance and funding providers which are appropriate to the particular needs of the organisation.

Whilst you would be expected to draw on the expertise of financial specialists, you are not expected to be a financial specialist yourself.

For the purposes of this unit, an 'organisation' can mean a self-contained entity such as a private sector company, a charity or a local authority, or a significant operating unit, with a relative degree of autonomy, within a larger organisation.

The unit is recommended for senior managers.

This unit is linked to units:

B3 Develop a strategic business plan for your organisation

B4 Put the strategic business plan into action

in the overall suite of National Occupational Standards for Management and Leadership.

If your organisation is a small firm, you should look at unit *G3 Get finance for the business*, which has been developed by the Small Firms Enterprise and Development Initiative (SFEDI) specifically for small firms and which may be more suitable to your needs. You can obtain information on the unit from SFEDI on tel. 0114 241 2155 or at the SFEDI website (www.sfedi.co.uk).
