## Manage the environmental impact of your work

---

### Overview

This unit is about managing work activities and resources in your area of responsibility in order to minimise the negative impact – and maximise the positive impact – they may have on the environment.

It involves organising work activities and the use of resources efficiently, understanding their impact on the environment and finding ways to reduce their negative and increase their positive impact. You may need to seek advice from environmental specialists when carrying out this function.

The unit is recommended particularly for first line managers and middle managers.

This unit is linked to units:

- B8 Ensure compliance with legal, regulatory, ethical and social requirements
  - B10 Manage risk
  - D6 Allocate and monitor the progress and quality of work in your area of responsibility
  - E8 Manage physical resources
- in the overall suite of National Occupational Standards for Management and Leadership.
