
Overview

This standard is about assisting lecturers, teachers or trainers with the delivery of learning activities. You will be expected to following workplace procedures and use relevant knowledge, ideas, skills and procedures to ensure that the learning activity is completed successfully. You will work with the member of staff to ensure that all learners gain the most from the activity.

A practical activity will only be successful if all the learners participate. They need to follow the instructions and work in a safe manner. By working with the member of staff in charge of the activity, you will help all learners gain the most from the activity.

are expected to be familiar with the learning activity and to anticipate any problems that might arise. Under the supervision of the, lecturer, teacher or trainer, you will work with learners to ensure they work safely and to help them complete the activity. Who this standard is for

The standard is recommended for all staff, but particularly new recruits and junior employees.

**Performance
criteria**

- You must be able to:
