
Overview

This standard is for those who adapt standard pattern blocks to accommodate different styles and sizes.

The job role may involve:

- 1 producing different style patterns from basic blocks
- 2 adapting standard sized patterns to customer style, fit and figuration

**Performance
criteria**

- You must be able to:
- P1 select basic blocks to specified size requirements
 - P2 create a pattern by adapting a basic block to the required style and size
 - P3 ensure patterns match customer figuration and style requirements
 - P4 position the construction lines, markings, sizing, style and cutting information
 - P5 check and confirm the fit of pattern components
 - P6 obtain approval of patterns form the relevant person
 - P7 produce the patterns within the agreed time schedule
 - P8 store the patterns in the specified manner, to ensure that the quality is preserved
 - P9 ensure quality standards are met throughout the process
 - P10 complete appropriate records and documents
 - P11 identify problems and resolve issues within limits of your own responsibility
 - P12 report problems outside area of responsibility to the appropriate person
 - P13 work to legal requirements, standards and regulations, policies, procedures and professional codes
