

## Overview

This standard coexists alongside, SKAHDBRBNST1 Implement and maintain safe, hygienic and effective working practices and **SKAHDBRBNS1 Consult, assess, plan and prepare for Hair, Barbering, Beauty, Nails, Wellbeing and Holistic services**. This standard is about a hair professional carrying out a wet or dry set, styling and dressing the hair, this incorporates hair up designs. You will also be required to do a post procedure evaluation and reflection for continuous improvement. Users of this standard will need to ensure that their practices reflect up-to-date information, policies, procedures and best practice guidance. It is advisable users of this standard are aware of, and comply with first aid requirements in accordance with legislation and organisational policies and procedures.

### The main outcomes are:

1. Set wet hair
2. Set dry hair
3. Wrap set the hair
4. Style and dress hair
5. Finish the hair

## Performance criteria

### *You must be able to:*

1. carry out a concise and comprehensive consultation with the individual
2. maintain your responsibilities for health and safety in accordance with legislation, regulations, directives and guidelines
3. discuss and establish the individual's objectives and desired outcomes to inform the set, style and dress service plan, to include:
  - 3.1 treatment history
  - 3.2 alternative treatment options
4. carry out a hair and scalp analysis, to include:
  - 4.1 **hair curl classification**
  - 4.2 **hair characteristics**
  - 4.3 **state of hair**
  - 4.4 scalp condition
5. carry out **tests** to determine suitability for service, to include:
  - 5.1 record the outcome and store in accordance with data legislation
6. discuss the **dressing techniques and hair up effects** to be used in accordance with the set, style and dress service plan, to include:
  - 6.1 products, tools and **equipment** required
  - 6.2 anticipated time and cost
7. confirm and agree with the individual, they have understood the proposed setting, styling and dressing service, to include:
  - 7.1 contra-actions
  - 7.2 adverse reactions
8. obtain the individual's informed consent for the setting, styling and dressing service
9. prepare the individual and shampoo the hair and scalp in accordance with the **set, style and dress service protocol**
10. comb the hair in preparation for the service in accordance with set, style and dress service protocol, to include:
  - 10.1 applying products in accordance with the set, style and dress service plan

### **Set dry/wet hair**

1. blow dry the hair, minimising the risk of damage to the hair if carrying out a dry set, to include:
  - 1.1 maintaining even tension throughout the drying process when using tools
2. prepare the rollers for the setting service
3. select the rollers and/or pin curl sizes in accordance with the setting service protocol

4. use the agreed **setting techniques** to **section and wind** the hair, minimising the risk of damage to the scalp and hair
  - 4.1 selecting meshes of hair suitable for the size of rollers used
  - 4.2 maintaining even tension throughout the winding process
  - 4.3 all wound rollers, are secure and sit on or off base to meet the style requirements
5. set the duration in accordance with the set, style and dress service protocol, to include:
  - 5.1 allow to manually dry or use of a hood dryer for a wet set service in accordance with the set, style and dress service protocol
6. remove the rollers, minimising the risk of damage to the hair

3. basic anatomical structure of the head, neck and shoulders
4. relative and absolute contraindications and related pathologies

**Styling and finishing products**

1. heat protectors
2. mousse
3. creams
4. serums
5. gel
6. hair spray
7. oil
8. pomades
9. texturising enhancing spray
10. setting lotions
11. wax

---

## Glossary

### **Absolute contraindication**

An absolute contraindication is a condition that prevents the service from being carried out and may require referral.

**Adverse reaction** An adverse reaction is an 'unexpected' reaction or outcome following a service, i.e. fainting

**Contra action** A contra-action is an 'expected' reaction or outcome following a service, i.e. erythema

### **Evidence-based practice**

Evidence-based practice is based on the best available, current, valid and relevant evidence.

### **First aid**

First aid can refer to first aid at work qualifications or equivalent and first aid mental health awareness.

### **Hair curl classification**

Hair curl classification can be referred to as Type 1 – 4.

### **Protocol**

A protocol is a standard procedure to ensure best practice and compliance when providing services, i.e. follow manufacturer instructions.

### **Relative contraindication**

A relative contraindication is a condition that requires an assessment of suitability for the service and/or if adaptations are required.

### **Special occasion**

Special occasion can be categorised as bridal, prom, formal and informal events.

### **Wrap set**

Wrap setting can be carried out wet or dry hair and mostly used to decrease volume. A

dry wrap set can be referred to as silk wrap.
