

## Overview

This NOS is about carrying out a range of inspections on light vehicles using a variety of prescribed testing and inspection methods.

## Performance criteria

### *You must be able to:*

P1 use suitable personal and vehicle protective equipment throughout all vehicle inspection activities

P2 use suitable sources of technical information to support your **vehicle inspection** activities

P3 prepare the vehicle systems and work area for safe working procedures (where appropriate)

P4 carry out systematic **vehicle inspections** following:

P4.1 manufacturer's approved procedures

P4.2 recognised repair methods

P4.3 health, safety and environmental requirements

P4.4 prescribed documentation

P5 confirm all systems and components inspected function correctly following the manufacturer's specifications

P6 ensure your comparison of the vehicle against specification accurately identifies any:

P6.1 differences from the vehicle specification

P6.2 vehicle appearance and condition faults

P7 work in a way which minimises the risk of damage to the vehicle and its systems, other people and their property

P8 make suitable recommendations for future action based upon the results of your **tests** and inspections

P9 ensure your records and vehicle-related paperwork are accurate, complete and passed to the relevant person(s) promptly in the format required

P10 complete all inspection activities within the agreed timescale and to specification

P11 report any anticipated delays in completion to the relevant person(s) promptly

IMILV05

Inspect light vehicles using prescribed inspection methods
