
Overview

This standard covers the broad requirements of health and safety within the onsite glazing environment. It covers the need to follow health and safety guidelines and ensuring that the work area is free from hazards. In the event of emergencies, glaziers are expected to ensure that medical assistance is summoned and that the emergency services are called where necessary.

This standard is for you if you carry out glazing work on site

GQAGLA1

Maintain health and safety within the onsite glazing environment

Performance criteria

You must be able to:
